

Smart tools for savvy shoppers

Know Before You Go with Aetna VisionSM Preferred

Sometimes it's hard to know the cost of your eye care before your visit. With our Know Before You Go cost estimator tool, you can get a feel for what you might pay before you even set foot in a store or doctor's office.

The tool has simple, clear definitions of common lens types and options. And it can give you a range of costs with just a click.

You can get your estimated total by following these easy steps:

Register or log in to your member website at **Aetna.com**, then select View Vision Coverage.

Select your options.

View your estimate and make an appointment.

You get calculations based on your choices and applied vision benefits. We do the math so you stay in the know before you go. Helping you feel confident from check-in to check-out.

Aetna is the brand name used for products and services provided by one or more of the Aetna group of companies, including Aetna Life Insurance Company and its affiliates (Aetna).
