## Schedule of benefits

---

This schedule of benefits lists the **deductibles** and **copayments/coinsurance** that apply to the services you receive under this plan. You should review this schedule to become familiar with your **deductibles** and **copayments/coinsurance** and any limits that apply to the services.

### How to read your schedule of benefits

- When we say:
  - “In-network coverage”, we mean you get care from **network providers**.
  - “Out-of-network coverage”, we mean you can get care from **out-of-network providers**.
  - “Other health care coverage”, we mean you can get care from an **out-of-network provider** when you could not reasonably get the services and supplies needed from a **network provider**. This includes when you get care from **out-of-network providers** during your **stay** in a **network hospital**.
- The **deductibles** and **copayments/coinsurance** listed in the schedule of benefits below reflect the **deductibles** and **copayment/coinsurance** amounts under your plan.
- You are responsible to pay any **deductibles, copayments, and coinsurance**.
- The **coinsurance** listed in the schedule of benefits reflects the plan **coinsurance** percentage. This is the **coinsurance** amount the plan pays. You are responsible for paying any remaining **coinsurance**.
- You are responsible for full payment of any health care services you receive that are not a **covered benefit**.
- This plan has maximums for specific **covered benefits**. For example, these could be visit, day or dollar maximums. They are combined maximums between **network providers** and **out-of-network providers** unless we state otherwise.
- At the end of this schedule you will find detailed explanations about your:
  - **Deductible**
  - **Maximum out-of-pocket limits**
  - **Maximums**

#### Important note:

All **covered benefits** are subject to the Calendar Year **deductible** and **copayment/coinsurance** unless otherwise noted in the schedule of benefits below.

## Precertification penalty

This only applies to out-of-network coverage. The booklet-certificate contains a complete description of the **precertification** program. You will find details on **precertification** requirements in the *Medical necessity and precertification requirements* section.

Failure to **precertify** your **eligible health services** when required will result in the following penalty:

- A \$400 penalty will be applied separately to each type of **eligible health services** (the penalty will never exceed the cost of the benefit)

**Precertification** and/or **step therapy** for certain **prescription drugs** may be required. In this case, the **prescription drug** will not be covered until you get prior authorization.

The additional percentage or dollar amount of the **recognized charge** which you may pay as a penalty for failure to obtain **precertification** is not a **covered benefit**, and will not be applied to the **deductible** amount or the **maximum out-of-pocket limit**, if any.
